About Te Hikuroa

Te Hikuroa is a regional group of Te Rōpū Whakahau members living within the newly formed area from Mahurangi to Kakaramea (Bombay Hills). Our mission is to encourage and support Māori engaged in librarianship and information management and to advocate kaitiakitanga of taonga within libraries and information institutions within our region. The purpose of each hui-ā-tau is to share and disseminate information about the delivery of Māori services and sources of Māori information in the Te Hikuroa region and in Aotearoa, as well as consolidate networks with other Māori staff working in these organisations.
